No-Burn, Inc.
P.O. Box 185
St. Clair, MI 48079

To Whom It May Concern:

Recently I had the local NO-Burn Dealer treat our office with NO-Burn Plus. After seeing a demonstration and a short video we were quite impressed with the product and decided to have the more sensitive areas of our office treated, specifically the computer/electronics room and the records department.

In addition, we also had the carpeting treated with No-Burn Fabric Gard in these vital areas.

The gentlemen who work on our office were very professional. I would recommend No-Burn to anyone wanting to substantially diminish the risk of fire in his or her home or office.

Sincerely
